

STOP FEEDING MOLD™

DENSARMOR PLUS®

DensArmor Plus paperless interior drywall is a highly mold-resistant interior gypsum panel. It carries a Six-Month Weather Exposure Limited Warranty.

DensArmor Plus panels feature a fiberglass facing on both the front and back for the best in interior protection from moisture currently available. The moisture-resistant fiberglass facings make DensArmor Plus panels the ideal replacement for paper-faced greenboard.

DensArmor Plus panels are ideal for moisture-prone interior walls, in areas such as basements and residential bathrooms. These paperless drywall panels are also ideal for commercial pre-rock installations.

WHERE TO BUY: Available at a Lowe's near you.
